To Whom It May Concern:

Leslie Wood is very intelligent, a quick thinker, has excellent people skills and good common sense. She is conscientious, persistent, has a good memory and a fine sense of humor.

She is also good with technology and can design and organize spread sheets that make sense.

Leslie is unusual in that she has an accounting and business background, but the personality of someone in sales and marketing.

She could quickly become an asset to an individual or a business needing some organizational and accounting help while providing experience in public relations.

I would be happy to expand on this with a phone call to (979) 830-2136.

Sincerely,

A handwritten signature in cursive script that reads "Steve James". The signature is written in black ink and is positioned above the printed name and title.
